

## Attention Teachers and Parents of 3rd Graders!

Hold onto your hats as you follow the latest breathless adventures of the world's most animated elementary school student. Ramona, the exasperating but lovable third-grader, has delighted young readers for over fifty years through the books of Newbery Medal-winning writer Beverly Cleary. Now, she comes to life on the stage in Two Beans Productions' Ramona Quimby.

Ramona's life is a mess! Her older sister Beezus is a pain, her Aunt Bea may marry a dork, and her Dad just lost his job. She even thinks that her teacher hates her. Life is no picnic, and growing up isn't easy. But with the help of her loving and patient family and friends, Ramona faces these challenges -- as audiences laugh and cheer her on.
